BEST RAW FOOD RECIPE FOR BENGALS:

We normally prepare about 60 pounds of this mix. Pack it in zip lock bags of a pound each to better control the food.

Ingredients:

20 LB of raw chicken with bones.

6 LB of raw turkey

9 LB of organ meats such as liver, gizzards, hearts, kidnes, etc.

17 LB of raw beef.

6 containers (24oz) of Squash baby food

2 cans (58oz) of pumpkin 100% pure

2 containers (64oz) of plain Greek yogurt

3.5 cups of Kitty Bloom

Just use the meat grinder for the chicken, turkey and meat. Mix very well with the rest of the ingredients. Pack them in individual bags and freeze.

We feed our adults twice a day and the kittens 3 times a day.
